Starter Flock Recap

Written by Julia Selman

The 2023 Starter Flock Recipients had nothing short of an adventure, and we are so grateful for their love not only for sheep, but the Targhee breed. Here's how their year has been!

Annabel Coudron is one of the recipients from the 2023 from Marshall, Minnesota and is thoroughly active in her local FFA and 4-H. Her current flock is at 9 and growing. Her family's farm mainly consists of corn, soybean, and commercial pork.

She got started into the sheep industry with showing a market lamb, and then received the starter flock award last year.

In summary of the last year, she mentioned the most rewarding part of the program is the support and opportunity to meet new people. The people of this organization are ones to build long lasting relationships and ones that will stand behind you.

A piece of advice she would offer to someone thinking about applying would be to do it. Be willing to put in the work and learn, and the lessons that will come out of it are extremely beneficial.

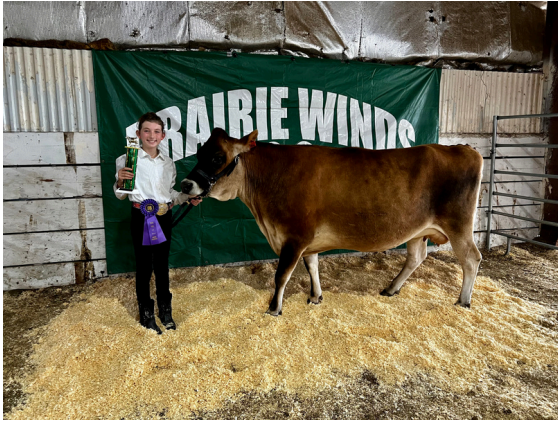

In her future, she hopes to be involved in agriculture, hopefully with sheep, chickens, and pork. She is currently considering pursuing a degree in veterinary medicine or in a similar related field.

She wanted to thank the organization for being so welcoming and supportive, and if she could list people, she would. There are just too many to count!

2024 Starter Flock Recipient

Written by Julia Selman

Ruby Bonn is from Pierre, South Dakota and is 11 years old. She's bright and hardworking, and anything she sets her mind to, she accomplishes. She has a large love for agriculture, and it shows through her passions. Ruby currently raises and shows chickens, ducks, dairy calves, and horses in 4-H alongside her 2 sisters. Looking for a new 4-H project, Ruby and her sisters decided to get some bottle lambs to raise, following in their mother's footsteps of raising sheep in 4-H.

Reaching out to Jon Beastrom to get some lambs, they soon found out about the Starter Flock. She soon applied and received the news that she would be receiving the award. Ruby is most excited about having her own sheep that she gets to care for. She is thrilled to have her own flock that she doesn't have to sell at the end of the project season, and that she gets to learn and grow alongside them. She dearly loves her sisters, but is also excited that this project will be hers, and will be able to gain a ton of new experiences with her new flock.

A heartfelt gratitude goes out to the following for generously donating sheep to our Starter Flock Program:

Yearling Ewe: Dylan Laverell, Sweet Grass Targhees
Ewe Lamb: Jon Beastrom, Beastrom Family Targhees
Aged Ewe: Scott Kilber, Kilber Family Targhees

Your support is invaluable and will make a significant impact on our program. Thank you for your kindness and commitment.
